STATEMENT OF HARDSHIP FOR VARIANCE APPLICATIONS

The Board of Zoning Appeals is authorized to consider a variance from the terms of the Ordinance, deemed not to be contrary to the public interest, and owing to special conditions, a literal enforcement of provisions of the Ordinance will, in an individual case, result in a practical difficulty or unnecessary hardship. They shall also consider whether the spirit of the Ordinance can be maintained, public safety and welfare secured, and substantial justice done.

In order to make your case to the Board, answer the following questions:

1. Are there extraordinary and exceptional conditions pertaining to the particular piece of property in question, such as size, shape or topography?

2. Does the strict application of the Ordinance to this particular piece of property create practical difficulty or unnecessary hardship? Explain.

3. If relief is granted, will this cause substantial detriment to the public good or impair the purposes and intent of the Ordinance?

4. If relief is granted, are you proposing any measures to alleviate any detriment caused?
